Living Out My Dream

Music and Lyrics by Carole and Ron Ciancioso

VERSE 1

When I was a young boy
Thought I knew it all
How was I to know then
How far I would fall
No one there to guide me
No one there to teach
Fighting off my demons
My dream was out of reach
Then one day I rose above the tide
I never looked back, I left my demons behind....

2ND VERSE

When I got my mojo
I turned my life around
No one dared to stop me
No one could keep me down
Then I found an angel
She's everything to me
Life is really sweet now
I'm where I wanna be
I bless the day I rose above the tide
I never looked back, I left my demons behind....
And now I'm livin' out my dream

BRIDGE

Days of darkness....Are distant memories
Said goodbye to sadness...no more lonely nights for me
When you find your passion...never let it fade away
Don't let 'em steal your thunder,
Don't let your dreams slip away..
Don't let them slip away....

3RD VERSE

Fi-nal-ly I feel like
Everything is clear
It took some time to realize
There's nothing left to fear
Only looking forward
No more looking back
I put it all behind me
My future's right on track
Today's the day I rise above the tide
Never looking back, gonna leave my demon's behind
Today's the day I rise above the tide
Never looking back, gonna leave my demon's behind
And now I'm livin' out my dream...
And now I'm livin' out my dream...
And now I'm livin' out my dream
And now I'm livin' out And now I'm livin' out my dream
