

When I'm With You

Music by Carole Cincioso, Sarah Hauser, and Pete Masitti Lyrics by Carole Cincioso and Sarah Hauser

VERSE 1

When I'm with you
The hurtin' within me fades away
When I'm with you
The darkness in my heart turns to day
And when we touch, your warmth melts my armour away

VERSE 2

When I'm with you
The hardness inside me just lets go
When I'm with you
Feelings of love I buried start to grow
It feels like spring, your warmth melts the ice and snow

BRIDGE

I walked alone no stars to guide me
Never thought I'd see the dawn
You took my hand and led me into the sun

INSTRUMENTAL

Repeat bridge

VERSE 3

When I'm with you
The storm that rages inside me turns to calm
When I'm with you
The scary shadows of nighttime are all gone
I'm not afraid when the light of your love is on
When I'm with you
There's no more sorrow
When I'm with you
I can see tomorrow
Hope shines through
When I'm with you
