Tell Me Again

Music by Marc Loren Lyrics by Carole Ciancioso

VERSE 1

Hold me close and say you love me
Say it to me soft and slow
I've heard it before
But tell me once more
I never get tired of hearing that song
Keep it going now
Only you know how
Wanna hear it all night long

CHORUS

Tell me again
I didn't hear you
When you said it the first time
Tell me again and again and again
Tell me again

VERSE 2

You know how to wake my desire
Talk to me and fuel the fire
Just take your time
You're doing fine
Don't stop now you're getting it right
You do it so well
I'm under your spell
Work your magic on me tonight

REPEAT CHORUS

(repeat chorus)

BRIDGE

I'm making up for all those years of love I missed
I've been waiting for so long
So keep on telling me how you feel
Say the words I have to hear
I just can't get enough
It's like music to my ears
Repeat chorus and vamp out
