

CSP-011

Sweet Lady Liberty

Music and Lyrics by Carole Ciancioso

VERSE 1

A light on the water
Torch burning bright
A promise of freedom fills the night
Queen of the harbor
She always will be
I love you lady
Sweet lady liberty

CHORUS

Sweet lady liberty
She's calling to me
Sweet lady liberty
She's calling to me
Calling to me

VERSE 2

She comforts the weary
The tired and the poor
A new life is waiting
At her shore
With beauty majestic
She looks toward the sea
Mother of exiles
Your children are free

REPEAT CHORUS

(repeat chorus)

BRIDGE

She opens her heart
To all who come
With a passion to be free
Sweet lady, my lady
Goddess of democracy

VERSE 3

Her flame is a beacon
A friend in the night
A beckoning candle
Liberty's light
Protector of justice
She stands proud and tall
Welcome to america
One and all
Repeat chorus (twice)
