

Bad Kitty

Music and Lyrics by Carole and Ron Ciancioso

VERSE 1

I've got a story that I need to tell
"Bout a bad little kitty from the depths of hell
She can be stone cold so take my advice
If you mess with her well, you better think twice.

PRECHORUS

Just when you think you got her all figured out
You do her wrong and that's when the claws come out

HOOK

She's got evil in her eyes
Her smile is her best disguise
Ooohh ooohh bad kitty!
She'll lift you up then tear ya down
Till your soul is nowhere to be found
Ooohhh oohhh bad kitty!

VERSE 2

She'll play with your feelings and mess with your mind
A special kind of evil that is hard to define
She'll tell ya what you wanna hear and make you believe
Schooled in deception where she got her degree

PRECHORUS

Just when you think you got her all figured out
You do her wrong and that's when the claws come out

HOOK

She's got evil in her eyes
Her smile is her best disguise
Ooohh ooohh bad kitty!
She'll lift you up then tear ya down
Till your soul is nowhere to be found
Ooohhh oohhh bad kitty!
