

In The Shadows

Music and Lyrics by Carole and Ron Ciciocioppo

1ST VERSE

The hottest club is just down the stairs
Hurry in cause it's filling up fast
A lighter on the table with a pack of kents
High heeled ladies and their handsome gents

1ST PRECHOR

Oooooohhhhh such razz-ma -tazz
Treat your ears to a touch of jazz

CHORUS

They live on in the shadows
For so long in the shadows
Never gone from the shadows
Blow it out, turn it up, let's play it again!

2ND VERSE

Tops hats and a sequin dress
Spicy tunes lead to much such success
The band's on stage and it won't be long
Till your swinging and sipping champagne till dawn

1ST PRECHOR

Oooooohhhhh such razz-ma -tazz
Treat your ears to a touch of jazz

CHORUS

They all live in the shadows
They still give from the shadows
Let's re-live through the shadows
Blow it out, turn it up, let's play it again!

BRIDGE

Such a wonderful world when louis starts to play
And when billie sings, it's like a holiday
Like frankie, ella and tommy d
They'll forever live on in our memory

1ST PRECHOR

Oooooohhhhh such razz-ma -tazz
Treat your ears to a touch of jazz

CHORUS

They all live in the shadows
They still give from the shadows
Let's re-live through the shadows
Blow it out, turn it up, let's play it again!
