

Dream Lover Dream

Music and Lyrics by Carole Cincioso

VERSE 1

Lover turn out the light
It's time to say goodnight
I'm so glad you're staying here with me
Just hold me close to you
And when our dreamin's through
In your arms is where I'm gonna be

CHORUS

Dream lover dream, see you in the morning
Dream lover dream, see you in the morning
Dream lover dream, see you in the morning light
Dream lover dream, see you in the morning
Dream lover dream, see you in the morning
Dream lover dream, dream with me tonight

VERSE 2

Turn off the radio
And pull the shades down low
Darlin' you are my whole world tonight
Just close your tired eyes
I'll be here by your side
Waiting to love you in the morning light

REPEAT CHORUS

(repeat chorus)

BRIDGE

In the mornin' I'll open your eyes with kisses
And I'll love you tenderly
We'll take our time just wakin' up
Cause there's no place special baby we have to be

INSTRUMENTAL

Dream lover dream, see you in the morning
Dream lover dream, see you in the morning
Dream lover dream, dream with me tonight
Lover turn out the light
It's time to say goodnight

FADE

(Fade out)
